No one deserves to be abused.

Safe Passage's Monthly news & updates *July 2022*

Summer at Safe Passage is no vacation. We've been keeping busy, providing services to our clients, as well making sure our presence is known in the community. One of our goals as an agency is to let the community know that we are Dekalb County's only domestic violence and sexual assault crisis center. We understand that building community and connections is critical when working with the community to ensure their safety.

Super Staff Highlight

Becky – Director of Operations

Becky has been a staff member of Safe Passage almost 25 years. We will be celebrating her “Golden Work Anniversary” on 8/25. With a degree in Family and Child Studies from Northern Illinois University and a certified Human Resources professional, she has worked in nearly every program Safe Passage offers. Though much of her work is now behind the scenes, Becky is indispensable to the operations of Safe Passage for both clients and staff. Her favorites are Fridays, reading, writing, Gerber daisies, strength training & running and vacationing anywhere tropical!

Let's all take this upcoming month of August to celebrate Becky and all the work she's done for Safe Passage!

Volunteering & Interning with Safe Passage

This September we will be offering our 60 hr. intensive training for those who are interested in volunteering and interning.

For volunteering, we offer *both direct and indirect opportunities of volunteering.*

Direct service volunteering will involve more interaction with clients and survivors. These volunteers will be able to be hands on with clients and assisting them in times of crisis or simply when they need support. Indirect service volunteers will be of assistance for the agency in itself.

Through their positions, indirect service volunteers support clients and survivors by keeping things running smoothly and creating a welcoming environment for all.

As for internship opportunities, we offer several positions that involve firsthand experience providing direct client service in a fast-paced environment.
